

## Cheers

TV Guide, February 20, 2006

Cheers to *Two and a Half Men* for finally giving Charlie (Charlie Sheen) a long-term girlfriend. After two and a half seasons, it's about time the serial lady-killer settled down. And who can blame him when his ballet-teacher love-interest, Mia, is embodied by Emmanuelle Vaugier? We've been smitten with her ever since she played Lex Luthor's squeeze on *Smallville*. Good to see her taste in leading men is improving.
