Modern Dog, Summer 2003

**Rising star Emmanuelle Vaugier**, best known for her role as Dr. Helen Bryce, Lex Luthor's girlfriend, in the Warner Brothers hit drama *Smallville*, recently took time out of her busy schedule to shoot our *Modern Dog* cover.

Emmanuelle poses with her two privileged Miniature Poodles, 3-year-old Isabelle and 7-year-old Lily, whom she flies between sets and residences in Vancouver and Los Angeles.

On the big screen, Emmanuelle most recently starred in *My Guide to Becoming a Rock Star*, and *40 Days and 40 Nights*, opposite Josh Hartnett. This fall, you can catch her as Princess Jasmine in New Line Cinema's *Secondhand Lions* opposite Michael Caine, Robert Duvall and Haley Joel Osment, in theatres September 26.
