

Cover Girl

The Vancouver Sun, Sept. 2002

Check out Vancouver's Emmanuelle Vaugier on the October cover of *Flare* magazine. Originally, the gorgeous gal, star of *40 Days and 40 Nights*, was to appear only on the inside pages in a story about her movie and TV career, but when the editor spied her photos, they saw dollar signs. (We even heard a rumour that Vaugier bumped the Rolling Stones, who were slated to be that month's cover boys.)
