Let's get started on what's new with you. I understand you are guest starring on the ABC Show - Mistresses – Tell us about the show and your role.

I play Niko, she's tough, sexy, rocks a very distinctive style, and doesn't care what you think about it. I become the new mixologist at Wunderbar and a thorn in Joss's side.

One of your most notable roles is as Mia in "Two and a Half Men." What was it like working with such a lively and eccentric cast?

It was great! I got to go to work and laugh all day long. The cast and crew were wonderful, it was a fun show to have been a part of.

A quick look at your IMDB page would show that you have quite the resume. What would you say was your favorite role that you have portrayed?

Hmmmm, that's a tough question. I've enjoyed many different roles for different reasons. But if I have to

pick out a few, I'd say, Mia on Two and a Half Men, The Morrigan on Lost Girl, and Jane on Painkiller Jane.

Is it difficult wrapping up a project after you have worked on it for years?

Definitely. You become a family, and it's sad to say goodbye. But luckily, you end up seeing people again in this business, it's a small world for sure.

I know that aside from acting and modeling, you are also involved in some charity work. Can you tell our readers about The Fluffball?

The Fluffball is a charitable organization that I founded to help raise money and awareness for various animal related causes. We throw an annual invite only event to raise money for a carefully chosen rescue. This year we are proud to support The Animal Hope and Wellness Foundation. This year's event will be held on October 3rd in Los Angeles. You can find out more at www.thefluffball.com

Do you have any rescue animals of your own?

I do. Jack is a maltese poodle mix, he's almost 5. And I have Bella, a silver toy poodle, she's almost 2.

The horse I ride, Rose, was rescued from a situation of neglect. She had never been under saddle until the age of 7 or 8ish. I've been jumping and showing her for the last year and a half. She's around 11 or 12 now we think.

What is something about yourself that our readers would be surprised to learn?

I played with Barbies far past the "appropriate" age. I would hide them when friends came over so that they wouldn't make fun of me.

How can our readers find out more about you?
